

Flying Fish

Why not turn your garden shed or child's bedroom into a fisherman's shack using some driftwood, hessian or netting, a few shells, and these colourful flying fish. This cheap and easy project can be as creative as your imagination!

- Cut 2 of the pattern below from calico
- Hand sew around outer edge, leaving a space open for filling
- Fill the fish with toy stuffing and close the opening
- Paint the fish white with acrylic paint
- Paint with stripes of different sizes
